Financial Resolution, No. 13779, dated 5th November 1861.

Read also letter from the Administrator General of Bengal, dated 9th December 1861.

RESOLUTION.—The Governor General in Council observes that the twelve months' notice given to the Bank of Bengal, under the provisions of Act VI. of 1839, will expire on the 10th February 1862, and that it has been declared by Section I. of Act XIX. of 1861, that Section XXXI. of Act VI. of 1839, so far as it authorizes the Bank to issue Promissory Notes payable on demand, is repealed from and after the first day of March 1862.

It becomes necessary, therefore, to determine without delay what steps shall be taken for the introduction of the Government Paper Currency in Bengal.

It also has to be considered:—

1st.—On what date the transfer of the business at present performed in the General Treasury shall be made to the Bank of Bengal, under the provisions of Clauses 1 and 2 of the Agreement with the said Bank, in order that the Notification provided for in Clause 20 of the Agreement may be issued.

2ndly.—When and in what manner the Cash Balances shall be made over to the Bank, and

3rdly.—What steps are necessary for carrying out the orders contained in the Resolution passed in this Department on the 22nd August last, in respect to the conduct of the business of the Sub-Treasurer's Office generally by the Bank, and the accounts to be rendered by the Bank.

With respect to the introduction of the Government Paper Currency, His Excellency in Council directs that a set of Rules for the conduct of business, in conformity with Clauses 6 to 18 of the Agreement with the Bank, be drawn up in consultation with the Officiating Mint Master and the Secretary and Treasurer of the Bank, and that a suitable Establishment be provided for the purpose of assisting the Officiating Mint Master in the management of the Paper Currency.

As regards the transfer of the Treasury business to the Bank, His Excellency in Council observes, with reference to the first point mentioned above, that it is provided by Clause 20 of the Agreement with the Bank that the provisions of the Agreement shall come into operation from and after a day to be fixed by the Governor General in Council by Notification in that behalf, which shall be published in the *Calcutta Government Gazette* within six calendar months from the date of the Agreement, (*viz.*, the 26th September 1861), and His Excellency in Council resolves that from and after the 1st day of March 1862, the business referred to in paragraphs 1 to 5 of the Resolution of the 22nd August last, shall be conducted by the Bank in the manner stated therein.

In regard to the several Departments of the Sub-Treasurer's Office, His Excellency in Council is pleased to pass the following orders:—

No. 1. *Government Savings Bank.*

This Department will be made over by the Sub-Treasurer to the Accountant General to the Government of India.

No. 2. *Securities deposited by and belonging to Officers of Government on which the Sub-Treasurer draws and remits interest.*

These Securities will be transferred to the Bank, leaving the Directors of the Bank to submit for consideration the question mooted in paragraphs 9 and 10 of the Resolution of the 22nd August last relative to an extra remuneration to the Bank on account of the said Securities.

No. 3. *The Custody in Deposit and Credit of the Assets of Deserters, deceased Officers and Soldiers, (both in Cash and Articles deposited) and the preparation of the Accounts and periodical Statements connected therewith.*

This duty will be transferred to the Presidency Pay Master in the manner set forth in paragraph 11 of the Resolution of the 22nd August, on the understanding that the action of the Presidency Pay Master will commence from the date of transfer, the previous accounts being made over to the Accountant General to the Government of India, to whom all references regarding past transactions will be made by the Presidency Pay Master.

No. 4. The Counter-stamp Department.

This Department will, as provided in the Resolution, be made over to the Civil Pay Master.

No. 5. The Deposits of the Supreme Court.

The Judges of the Supreme Court having agreed to the transfer of these Deposits to the Bank, provided the Security of the State is not withdrawn, and no additional expense is occasioned, the Governor General in Council directs that the Directors of the Bank be requested, with respect to this and all the other *quasi* Governmental accounts transferred to the Bank with the Treasury business, to waive its usual Commission on sale or purchase of Capital Stock, and only retain the $\frac{1}{4}$ per cent Commission on drawing interest of Securities lodged with the Bank.

No. 6. The Deposits and Accounts of the different Service Funds.

The subject of these deposits and accounts will be separately disposed of.

No. 7. Records, Accounts, and Vouchers of the General Treasury.

These will be made over to the Accountant General to the Government of India.

No. 8. The acceptance of Bills not payable at sight, and payment of sight Bills without acceptance, issue of supply Bills, and of Land Revenue, Public Service and Privilege Remittance Transfer Receipts.

These duties will be distributed between the Bank of Bengal and the Civil Pay Master, in the manner laid down in the Resolution of 22nd August last.

No. 9. The Deposits of Educational, Nizamut and other Funds on which the Sub-Treasurer draws and remits interest and invests accumulations of assets in Government Securities under orders of the respective authorities.

The orders passed in regard to deposits of the Supreme Court (No. 5,) apply to the deposits of Educational, Nizamut and other Funds.

No. 10. The Deposits of the Administrator General and Official Trustee and the receipt of his remittances to England.

These deposits, &c., His Excellency in Council observes, are some of those *quasi* Governmental accounts to which the orders relative to the deposits of the Supreme Court (No. 5,) apply.

No. 11. The custody of State Jewels and of Copper Coins remitted by the Secretary of State.

The custody of State Jewels will rest with the Mint Master, and that of Copper Coins remitted by the Secretary of State with the Bank. The Copper Coins are at present unsorted in their original packages arranged cargo by cargo. The packages will be taken over by the Bank, but may remain at the Treasury vault for the present, unless the Directors of the Bank desire to remove them and examine their contents. Practically, they will remain where they are, and the Bank will credit the Government of India with the invoice value of the Copper Coins, but if on opening any package to send Copper Coins to any District Treasuries any mistake be discovered in the Invoice, as the package will never have been, though nominally, out of the custody of Government, His Excellency in Council will be prepared to sanction the Bank's being credited with any proved deficiency.

No. 12. The Deposits of the General Post Office.

The Bank having declined to cash the halves of Bank Notes which constitute these deposits, in order that the value may be held in deposit, the halves of the Bank Notes in question will be transferred to the Bank for the purpose of being disposed of in any way the Directors of the Bank may determine.

No. 13. The remittance and despatch of Bullion.

This business will be performed by the Bank under orders of the Civil Pay Master, the cost being charged against the Government in contingent bills to be passed by the Civil Pay Master.

No. 14. Custody and Credit of remittances from the District Treasuries.

The orders passed above in regard to Department No. 13, will apply to this Department also.

No. 15. The Account and Correspondence Department of the General Treasury will be transferred to the Accountant General to the Government of India.

No. 16. Bonds of Indemnity, Bailiament Bonds, and Guarantees, Title Deeds of Government Properties, Fort Marlboro' Bonds, Seramis' deposits, and Emigrants' deposits and Soldiers' Treasury Notes will also be transferred to the Accountant General.

No. 17. The Cash Balance of the General Treasury will be made over to the Bank. But so much of the actual specie as may require to be lodged with the Issue Department of the Mint in exchange for Currency Notes will remain for the present at the Treasury, the rest of the Cash Balance being removed to the Bank. The Treasury vault will then be transferred to the custody of the Mint Master.

With respect to the third point, nothing more appears to be necessary than to direct the Accountant General in communication with the Bank to carry out the views expressed in the Resolution of the 22nd August.

Adverting to paragraph 43 of the Resolution of the 22nd August, His Excellency in Council observes that two questions were referred to the Advocate-General for opinion, *viz* :—

1st.—How far the literal construction of the Contracts with Railway Companies may be affected by the abolition of the General Treasury.

2nd.—The necessity for some provision for the substitution of the Officers of the Bank of Bengal in the place of the Sub-Treasurer as Special Assessors and Collectors of Income Tax duty upon all sums liable thereto which may be paid from the Bank.

As regards the first question, His Excellency in Council agrees with the Advocate-General in thinking that the operation of the Railway Company will not be at all affected by the substitution of the Bank of Bengal for the present General Treasury of Calcutta. His Excellency in Council thinks it will be sufficient for the purpose of meeting the provisions of the Contracts according to their true legal construction, that an order be passed and published to the effect that the Treasury of the Secretary of State for India in Council and of Her Majesty's Government shall, from and after the 1st of March 1862, be established at the Bank of Bengal, and that all payments to be made by or to the Secretary of State in Council

or the Government of India, or the Government of Bengal, at the Treasury of the East India Company, or of the Secretary of State in Council, or of the Government at Fort William, shall and may be henceforth made at the said Bank of Bengal.

As the payments of interest on Government Securities are to be extended to the Bank of Bengal, and as such interest is expressed to be payable at the General Treasury at Fort William, and as it may be questioned whether that expression does not imply a separate Government Establishment called the General Treasury, and whether it would be legally satisfied by the appointment of an Agency at a Bank for the purposes of a Treasury, His Excellency in Council thinks it will be preferable to provide by a Legislative Act for such payments being made at the Bank of Bengal as long as its Agreement with the Government should remain in force.

With respect to the Second question the Governor General in Council observes that under the Income Tax Act, the Officers of the Bank of Bengal by whom payments are made on account of the Government under the new arrangement, can scarcely be deemed "Authorities in charge of a Public Treasury" within the meaning of Section XXVI., although "authorized to pay the interest on any Security of the Government of India, &c.," and that consequently they will not become Ex-officio Assessors under that Section, nor can they be appointed by the Local Government, Special Assessors under Section XXXI. of the Act, as that Section only applies where no provision has been made for the appointment of Assessor by the Act itself. But His Excellency in Council thinks that, in the new Act for regulating the Bank, a Clause may properly be inserted, providing that the Secretary and Treasurer of the Bank of Bengal should have vested in him the same authority and power as an Assessor, in regard to any interest on any Security of the Government of India, or any other sums or profits specified in Section XXVI. of the Act, and which the Bank of Bengal may be authorized to pay on account of the Government, as by Sections XXVI. and XXXII. are vested in the Sub-Treasurer of the Government.

Measures have been taken already in this Department, with a view to the order as to general payments, and the provisions regarding payments of interest on Government Securities, and appointment of the Secretary and Treasurer of the Bank, being embodied in the new Act above referred to, and His Excellency in Council desires, that the necessity of passing the new Act may be taken into early consideration at a meeting of the Council for the purpose of making Laws and Regulations.

In publishing the order regarding general payments, and the Notification above alluded to, His Excellency in Council desires that the Agreement with the Bank be published, in order that the Public may be apprised of the terms on which the business of the General Treasury and the Government Paper Currency shall, from the date fixed, be conducted by the Bank of Bengal.

It will also be intimated that the Head Commissioner of the Department of Issue shall be the Master of the Mint at Calcutta or the person exercising in that capacity for the time being,

and that the Calcutta Circle of Issue within

Balasore, Cuttack, Pooree, and Sambulpore, in the *Cuttack Division*.
Cossyah and Jynteah Hills, Durrung, Gawalpara, Kainroop, Lakhimpore, Nowgong and Seebaugor, in the *Assam Division*.

which the Notes will become a legal tender, shall for the present embrace all the Districts subject to the control of the Government of Bengal (except the Districts noted in the margin,) and the Districts of Ghazepore, Mirzapore, and

Benares, belonging to the North-Western Provinces, that the Bank of Bengal is prepared at once to establish Branches at Benares, Mirzapore, Patna and Dacca; that any persons who might prefer applying at the Mint for Notes in exchange for Coin or Bullion might apply there instead of at the Office or Agency at the Bank, provided they apply for not less than 2,000 Rupees at a time, and that in doing so that they will receive Notes duly issued by the Head Commissioner, one day after their applications, but that the actual place of issue of Notes so applied for will be the Office of the Head Commissioner at the Bank, and finally, that the Notes will be taken and paid at all the Treasuries comprised in the Circle of Issue mentioned above.

With regard to the arrangements to be entered into with the Banks at Madras and Bombay, the Governor General in Council directs that copies of the Resolution of the 22nd of August last, of the Agreement with the Bank of Bengal and of this Resolution, be forwarded to the Governments of those Presidencies, with a request that this Government may be furnished, as soon as possible, with the detailed arrangements which those Governments propose with their respective Banks, together with a statement of the extent of the respective Presidency Circles, date of commencement of the transfer of their Treasury business and introduction of the Paper Currency, and other particulars, if any, as Charter Act Amendments, which those Governments would recommend, with a view to carry out the arrangements in general accordance with those now sanctioned for Calcutta.

ORDERED, that a copy of the foregoing Resolution be forwarded to the undermentioned Department, Governments, and Officers, with a request that the orders contained therein respecting them be attended to:—

PUBLIC WORKS DEPARTMENT.

Circular No. 5 of 1862.

EXTRACT FROM THE PROCEEDINGS OF THE RIGHT
HON'BLE THE GOVERNOR GENERAL OF INDIA
IN COUNCIL.

Fort William, 18th January 1862.

Read Extract of Proceedings in the Financial Department, No. 14694, dated 26th December 1861.

OBSERVATIONS.—This Resolution of the Financial Department shows that the total amount of the 1 per cent Income Tax, including that levied on the interest of Government Debt and on Military Salaries, and assessed (it is presumed) between 1st August 1860 and 31st July 1861, does not exceed 32½ lakhs of Rupees in round numbers.

2. But the Resolution also intimates the decision of Government to add 100 lakhs, inclusive of past supplemental grants,* to the amount assigned to Civil Public Works in the Financial Statement at the commencement of the present official year; and the proportion of this additional grant assumed on account of the 1 per cent fund amounts to 38 lakhs, or 4½ lakhs in excess of the actual estimate of collections.

* Thus:	
Making up for the deficit of Local	
Taxation deferred	50 lakhs.
Former Supplemental Budget grant.	12 "
Present additional grant	38 "
Total	100 lakhs.

This sum the Resolution directs to be allotted in the following proportions:—

To Bengal	... 11 lakhs.
" N. W. Provinces	... 6 "
" Punjab	... 1 "
" Madras	... 4 "
" Bombay	... 8 "
" Hyderabad, East and West Berar, Mysore, Coorg, Rawa, Straits, Pegu, Tenas- sirim, Oudh, Central India, and Nagpoor	...

to be distributed in the manner that may appear to be most desirable to the Public Works Department.

3. It is also ordered that the works proposed for execution from the Fund shall be considered and approved in this Department; and that on the communication of such approval, the amount will be available for expenditure.

4. Some further orders appear to the Governor General in Council to be necessary in this Department, in sequence to the Resolution of the Financial Department.

5. The order of the Financial Department quoted above in paragraph 2 would appear, strictly interpreted, to imply that some kind of Budget of the expenditure proposed by each Government from this Fund is to be submitted, and approved by the Government of India, before the amount shall become available.

6. No Government, however, has yet submitted such a Budget or list of works, except the Government of the North-Western Provinces. And as the assignment is made for the present official year, (though the credit for the amount assigned will not expire with the year, as in the case of the ordinary Imperial assignment,) great delay would occur if the sanction of such lists of works were to be awaited.

7. The Governor General in Council therefore desires that the various Governments may be informed that they are at liberty to assign money for this Fund at once to works of the description to which it is applicable by law, provided that those works have been approved in the regular manner, and by competent authority in each case. But lists of the assignments actually made should be submitted as soon as possible for the information of the Government of India in this Department.

8. It is to be understood that all the rules regarding sanction upon proper estimates, &c., are just as applicable to the works to be executed from this Fund as to any other.

9. The Governor General in Council desires earnestly to impress upon the various Governments that the more the Fund is directed towards augmenting the grant already made to works in progress, the better it will be for economy in execution, and the earlier will be the fruit of our expenditure.

10. As the Governor General in Council understands that there is an impression with some of the Governments that no works that have been

sanctioned for construction from the Imperial assignments are to be aided from this Fund, His Excellency in Council thinks it necessary to point out very explicitly that this is quite a misapprehension, whilst it is one that if acted on will stand much in the way of the beneficial and economical use of the allotment, by tending to increase that diffusion of expenditure over too many works, which is a great and general evil.

11. It is true that under Clause CXIV of the Act, it is laid down that the proceeds of the 1 per cent tax shall be expended by the Local Governments in the various districts under them *as nearly as may be* in proportion to the respective contributions of the districts thereto. But to make this proportion the actual measure of expenditure within each Revenue District or Collectorate would, at least in the Bengal Presidency, render the allotment a most wasteful one. And the Governor General in Council, after mature consideration, is of opinion that the spirit of the Act will be best carried out by making the distribution in the Provinces of that Presidency according to the proportions contributed by Revenue *Divisions* rather than Collectorates. The good ensured to every district by the concentrated expenditure of a considerable sum on the *completion* of main lines of communication, through the Division to which the District belongs, will be far greater than that resulting from the diffusion of expenditure in beginning many works in separate Collectorates, and leaving those main lines insufficiently supplied with funds.

12. It remains for the Governor General in Council in this Department to distribute the sum of eight lakhs of which the final assignment has not been made in the Financial Department.

13. This amount will have to be augmented by a sum of Rs. 37,000, to be deducted from the six lakhs assigned to the North-Western Provinces,* on account of the transfer of the Jubbulpore Division to the new administration of the Central Provinces. The whole amount to be distributed is therefore Rs. 8,37,000.

14. Each Province entitled under the Income Tax Act to participate in the one per cent fund will receive a larger amount than it would be entitled to if the 1 per cent fund alone were distributed without any increase from Imperial Funds. Such being the case, this amount of Rs. 8,37,000 cannot be distributed with much regard to the proportions of contribution from the different minor administrations named in the Financial Resolution. The whole amount of the Returns from those minor administrations, as they are stated in the Financial Resolution, is little more than a lakh and a half of Rupees, and, after adding Rs. 37,000 for Jubbulpore Division, is still less than 2 lakhs, whilst considerable doubt appears to attach to several of the items. The additional sum contributed by Government from the general resources towards this distribution is consequently more than four and a half lakhs. And the Governor General in Council therefore orders the following allotment on general considerations,

and on his judgment of what will be the most useful application of the whole amount.

To the Central Provinces	...	Rs. 2,50,000
To Oudh	...	2,25,000
To Pegu (including Tenasserim)	...	1,50,000
To Hyderabad (Berar)	...	1,00,000
To the Reserve at the disposal of this Department	...	1,12,000
Total Rs.	...	8,37,000

15. The last allotment is necessary, the Reserve having already been overdrawn by grants in aid of works under different local Governments, of which a much larger amount than this allotment has been for works within the scope of the operations of the one per cent fund.

16. His Excellency in Council makes no allotment to Mysore or the Straits Settlements in this distribution. He considers that it is not in accordance with either the spirit or the letter of the Act that where, as in Mysore and the Straits, the tax is levied only from the salaries of our Officers and not from the people or from property, the 1 per cent should go to the benefit of the Territory.

ORDERED, that the foregoing observations and orders be communicated to the Financial, Foreign, and Home Departments, and to all the Local Governments for guidance.

ORDERED also, that they be published in the *Calcutta Gazette*.

No. 36.

A lakhabad, the 9th January 1862.

The following Rules for the guidance of Honorary Magistrates are published for general information :—

RULES.

1. Honorary Magistrates appointed in the North-Western Provinces will possess no control over the Police, and will have no authority to issue orders to them, except in respect of cases actually pending before them, as *e. g.* calling witnesses, summoning or arresting defendants, and the like.

2. Accordingly, Honorary Magistrates are not competent to entertain complaints, or charges preferred on the report of a Police Officer, (Section 273, Act XXV. of 1861.)

3. All charges of the commission of any of the offences specified in the Schedule annexed to Act XIII. of 1861, *viz.* :—

Murder,	Wounding,
Thuggee,	Burglary,
Dacoitee,	Theft,
Highway Robbery,	Receiving Stolen Property,
Culpable Homicide,	&c., &c., &c.,

being made by that Act cognizable by the Police without special order or warrant, Honorary Magistrates will not entertain complaints of these offences, but refer any parties preferring such to the Officers of Police.

4. Complaints of all other offences which such Honorary Magistrates are, by any Law for the time being in force, competent to try (for a detail of these see Schedule annexed to Act XXV. of 1861), may be entertained directly by Honorary Magistrates, who will thereupon proceed to investigate and decide the cases thence arising, and shall be guided as to their procedure by the Rules prescribed for the guidance of the Magistrate of the District in similar cases, as set forth in Chapters XIV. and XV. of the Criminal Procedure Code, and shall, in the disposal of such cases, exercise the powers defined in Section 22 of the Criminal Procedure Act, (Sections 273 and 275, Act XXV. of 1861.)

5. But the entertainment of such complaints is limited to cases alleged to have occurred within such local limits, as may be assigned, by orders of Government, as the local jurisdiction of such Honorary Magistrates, and shall not extend to cases alleged to have occurred beyond the limits of such jurisdiction, (Section 273, Act XXV. of 1861.)

6. The Magistrate of a District, or a Magistrate in charge of a Division of a District, is empowered to refer criminal cases brought before him, either on complaint preferred directly to such Magistrate, or, on the report of a Police Officer, to any Honorary Magistrate subordinate to him, either for enquiry, or for trial, if the case be within the competence of the Honorary Magistrate to decide. Honorary Magistrates will accordingly receive and place such referred cases upon their files; and either return them to the referring Magistrate, after completing the enquiry for his decision, or pass orders themselves on trial, if within their competence, according to the instructions furnished to them in each case, (Section 273.)

7. Honorary Magistrates empowered by the Local Government, under Section 38 of the Criminal Procedure Act, to hold preliminary inquiry into cases triable by the Court of Sessions, or by any Supreme Court of Judicature, and to commit or hold to bail persons to take their trial before such Court of Sessions, or Supreme Court, may, in addition to the power set forth in the preceding Rule, and where authorized to do so by the referring order of the Magistrate of the District, or of a Division, dispose of referred cases in the manner abovementioned, *viz.*, by committing, or holding to bail, the accused person to take his trial before the Court of Sessions or Supreme Court, (Sections 38 and 273, Act XXV. of 1861.)

8. If in the course of a trial before a subordinate Magistrate the evidence shall appear to him to warrant a presumption that the accused person has been guilty of an offence which such Magistrate is not competent to try, or for which he is not competent to commit the accused person for trial before the Court of Session, he shall stay proceedings, and shall submit the case to the Magistrate to whom he is subordinate, (Section 276.)

9. If, in any case tried by a subordinate Magistrate, having jurisdiction in which the accused person is found guilty, such Magistrate shall consider the offence established against the accused person to call for a more severe punishment than he is competent to adjudge, he shall record the finding, and submit his proceedings to the Magistrate to whom he is subordinate; and such Magistrate shall pass such sentence or order in the case as he may deem proper and as shall be according to Law, (Section 277.)

10. Nothing in the last Rule shall be held to prevent the Honorary Magistrate, in any such case therein described, if such Magistrate is empowered (under Section 38 of the Criminal Procedure Code) to hold the preliminary enquiry into cases triable by the Court of Sessions, and to commit persons to take their trial before such Court, from committing the accused person for trial before the Court of Sessions instead of finding him guilty. If the Honorary Magistrate shall be of opinion that the accused person should be committed for trial before the Court of Sessions, he shall proceed, in accordance with Chapter XII. of the Criminal Procedure Code, for conducting enquiry in cases triable by the Court of Sessions, (Section 278.)

11. It is competent to the Magistrate of the District, or to a Magistrate in charge of a Division of a District, to withdraw any criminal case from any Court subordinate to such Magistrate within his District or Division, and to try the case himself, or to refer it for trial to any other such Court competent to try the same, (Section 36.)

12. Honorary Magistrates appointed to be subordinate Magistrates under Section 22, Act XXV. of 1861, are authorized to exercise the following powers in cases within their competence to decide, *viz.*,—*Subordinate Magistrates of the First Class.*—Imprisonment, either rigorous, that is with hard labor or simple (Section 53, Indian Penal Code), not exceeding six months, or fine not exceeding two hundred Rupees, or both imprisonment and fine, in all cases in which both

punishments are authorized by the Indian Penal Code, (Section 22.)

13. *Subordinate Magistrates of the Second Class.*—Imprisonment, either rigorous or simple, not exceeding one month, or fine not exceeding fifty Rupees, or both imprisonment and fine, in all cases in which both punishments are authorized by the Indian Penal Code, (Section 22.)

14. Whenever a complaint is made before an Honorary Magistrate having jurisdiction in the case, that any person has committed, or is suspected to have committed any offence triable by the Court of Sessions, or of any offence which is triable by such Magistrate and punishable under the Indian Penal Code with imprisonment for a term exceeding six months, it shall be lawful for such Magistrate to issue his warrant to apprehend such person, provided that in any such case the Magistrate to whom such complaint shall be made may, for sufficient reason, instead of issuing his warrant in the first instance, issue his summons requiring the person complained against to appear to answer such complaint, (Sections 179 and 248.)

15. In all cases described in the foregoing Rule, Honorary Magistrates will be guided in all matters relating to the issuing of process for causing the attendance of the accused person, the taking of bail, the summoning and enforcing the attendance of witnesses, the mode of recording evidence, correction, attestation, and interpretation thereof, and the adjournment of a case by the provisions of Chapter XII. of the Criminal Procedure Code. On completing the examination of a witness in cases of the above description which are triable by the Honorary Magistrate in addition to the memorandum required by Chapter XII., shall record such remarks as he may think material respecting the demeanor of any witness while under examination, (Section 249.)

16. In preparing the charge against the accused person, in calling for his defence, in summoning and examining evidence on behalf of the accused person, and in recording judgment, Honorary Magistrates shall be guided by the provisions of Sections 250 to 256 (Chapter XIV.) of the Criminal Procedure Code.

17. Whenever a complaint is made before an Honorary Magistrate having jurisdiction in the case, that a person has committed, or is suspected to have committed any offence triable by such Magistrate and punishable under the Indian Penal Code with imprisonment for a period not exceeding six months, it shall be lawful for such Honorary Magistrate to issue his summons directed to such person, stating shortly the matter of such complaint, and requiring him to appear at a certain time and place before such Magistrate to answer to the complaint; provided that if the Magistrate has reason to believe that the accused person is about to abscond he may instead of issuing a summons issue his warrant in the first instance for the arrest of such accused person.

18. The Rules for the admission of the accused person to bail when brought before the Honorary Magistrate, or allowing him to be at large upon his personal recognizance at the Magistrate's discretion, and for his committal to custody if he cannot give bail when required to do so, and for the issue of a warrant to apprehend the accused person if he fails to appear before the Magistrate at the time mentioned in the summons, the rule

whereby a Magistrate may dispense with the personal attendance of the person complained against and permit him to appear by agent, the Rules for summoning and compelling the attendance of witnesses, the mode of procedure on trial towards the accused party, the manner of recording evidence, and the Rule for adjournment contained in Sections 258 to 269 of the Criminal Procedure Code, are made applicable to Honorary Magistrates in disposing of all cases punishable under the Indian Penal Code with imprisonment for a period not exceeding six months.

19. When any person is required by any Criminal Court to give bail, it shall be lawful to such Court to permit such person to deposit a sum of money, or Government Promissory Notes to such amount, as such Court may fix in lieu of such bail, (Section 437.)

20. Every sentence or final order of a Criminal Court, together with the reason for making or passing the same, shall be written in the Vernacular language of the presiding Officer, and shall be dated and signed by such Officer at the time of his making or passing the same, and the original shall be filed with the record or proceedings; and a translation thereof, when the original is recorded in a different language from that in ordinary use in proceedings before such Officer, shall be incorporated in the record of the sentence or order, (Section 429.)

21. If the Vernacular language of the presiding Officer be not English, and the Officer be sufficiently conversant with the English language to be able to write the sentence or final order in a clear and intelligible manner in that language, and prefer to write the same in that language, the sentence or final order may be written in English, (Section 430.)

22. Complainants and witnesses shall be examined upon affirmation as provided by Act V. of 1840, the form of which is the following:—

“I solemnly affirm in the presence of Almighty God, that what I shall state shall be the truth, the whole truth, and nothing but the truth,” (Section 43, Code Criminal Procedure.)

23. No oath or affirmation shall be administered to the accused person.

24. In cases in which by the sentence of the Honorary Magistrate a fine is imposed upon a conviction for any offence made punishable by fine, whether the offence be punishable by fine only or otherwise, the Honorary Magistrate may order that the fine, or any part thereof, not exceeding the loss of the injured party, as well as any special damage of a pecuniary nature that may have resulted to such person by such offence, and any expenses incurred by the complainant in the prosecution, as the Honorary Magistrate may think proper, be paid to the injured party. But the amount so awarded shall not be paid to the injured party until a period of two months shall have elapsed from the date of such award, (Section 44, Code Criminal Procedure.)

25. Every person charged before any Criminal Court with an offence may of right be defended by Counsel or authorized Agent, (Section 432.)

26. When any person under the age of sixteen years shall be sentenced by any Honorary Magistrate to imprisonment for any offence, it shall be lawful for such Magistrate to direct that such

offender, instead of being imprisoned in the Criminal Jail, shall be confined in any Reformatory, which may be recognized by the Local Government as a fit place for confinement in which there may be means of suitable discipline and training in some branch of useful industry, and which shall be kept by a person willing to obey such Rules as the Government shall direct with regard to the discipline and training of persons confined there. (Section 433.)

27. Any person convicted on a trial held by an Officer exercising power less than those of a Magistrate, may appeal to the Magistrate of the District, or other Officer exercising the power of a Magistrate, who shall have been empowered by Government to hear such appeals. (Section 412.)

28. Petitions of appeal must be presented within thirty days immediately following, and exclusive of the day on which the sentence or order appealed against is passed (Section 415), and every petition of appeal shall be accompanied by a copy of the sentence or order appealed against, (Section 416.)

29. It is at all times lawful for a Magistrate to call for and examine the record of any Court immediately subordinate to him, for the purpose of satisfying himself of the legality of any sentence or order passed, and as to the regularity of the proceedings of such subordinate Court. If the Magistrate shall be of opinion that the sentence or order is contrary to Law, he shall refer the proceedings for the orders of the Sudder Court, (Section 434.)

FINANCIAL DEPARTMENT.

No. 351.

Extract from the Proceedings of the Government of India, in the Financial Department, dated 4th January 1862.

From W. J. RAYNOR, Esq., Officiating Civil Pay Master, Madras, to C. H. LUSHINGTON, Esq., Financial Secretary to the Government of India.—No. 1178, dated Fort St. George, 27th November 1861.)

I HAVE the honor to enquire whether the Rule contained in the Financial Notification of 30th March last, No. 65, applies equally to an Officer proceeding to re-join appointment after return from sick leave as to one proceeding to join a new appointment on transfer from one station to another while on duty, or whether the travelling time or four, six, or eight weeks is to be allowed in the former case, as provided in the Notification of 14th October 1857, No. 42.

2. Again, if the Rule of 30th March last, is to be held applicable to cases of *return* from sick leave, is the *preparatory* time allowed to an Officer on sick certificate to reach the port of embarkation, or a sanitarium, to be governed by the same Rule, or should it continue to be regulated according to the ruling of 14th October 1857?

3. As Officers returning from sick leave are entitled only to the usual absentee allowance until they join, it may not be intended perhaps to bring them under the operation of the Order of 30th March last, but it will be satisfactory to have this point settled by authority.

No. 14240, FINANCIAL DEPARTMENT, FORT WILLIAM, THE 13TH DECEMBER 1861.

FORWARDED to the Civil Pay Master, Calcutta, for report, and the return of the paper requested therewith.

CIVIL PAY MASTER'S OFFICE, FORT WILLIAM, THE 20TH DECEMBER 1861.

MEMORANDUM.

If the distance is traversed by Rail or Steamer, the Orders of the 30th March last, No. 65, are applicable alike to Officers proceeding to re-join appointments after return from sick leave, as to Officers proceeding to join new appointments; but if the distance or any portion of it is not so traversed, then four, six, and eight weeks are allowed in the former case, and one, two, or three months in the latter.

The orders in question are, it is submitted, applicable to the case cited in Mr. Raynor's second paragraph, if the distance is traversed by Rail or Steamer; if not, then the Orders of the 14th October 1857 are to regulate the joining time.

FINANCIAL DEPARTMENT, FORT WILLIAM, THE 4TH JANUARY 1862.

RESOLUTION.—The Governor General in Council agrees in the view taken by Mr. Sandeman, and directs that the Orders of the 30th March last be so applied.

No. 14.

ORDERED, that a copy of the above be sent to the Officiating Civil Pay Master, Madras, and that another copy be sent to the Printer of the *Calcutta Gazette* for publication in the *Gazette*.

GENERAL.

RESOLUTION.

THE 31ST JANUARY 1862.

THE Governor General in Council has long felt the necessity for establishing, in the Burmese Provinces of British India, a central Administration, vested with ample power, subject to the general authority of the Government of India, to direct the affairs of those Provinces on a generally uniform system; to control the public expenditure in all Departments; to exercise a close and watchful supervision over the proceedings of the Local Officers of every class, and to devise such measures as may be best calculated to promote the material welfare and moral advancement of the people.

Hitherto these Provinces have been administered separately by three Commissioners independent of each other and subject to no local head. Two of them (Pegu and Tenasserim) are now in direct subordination to the Government of India, while the third (Arracan) formed, till recently, a portion of the Lieutenant-Governorship of Bengal.

They are all Non-Regulation Provinces. Their revenue system is in principle essentially the same. It is founded on the system which prevailed under the Burmese Government, and the modifications adopted in each Province, from time to time since it came under British Rule, are due less to any variety in the conditions of the three Provinces than to the differing views of the Authorities by whom they have been successively administered, subject to no general and comprehensive review by one common authority. Almost the whole population, except at the principal Seaport Towns, either are Burmese, or belong to some other branch of the Indo-Chinese family, having no affinity with the inhabitants of Bengal. They have many characteristics in common, are accustomed to intercourse with each other, and together form a group of races sufficiently homogeneous to mark the propriety of combining them under one rule.

The principal Sea-ports are already connected by an established periodical steam communication. All parts of the Coast, from one to another, are easily accessible in decked Vessels at all seasons of the year, and in open Boats and Canoes during a great part of it. Akyab, Prome, and Rangoon are joined by the Electric Telegraph wire, which will shortly be extended to Moulmein, and although the roads from one Province to another, especially that between Arracan and Pegu, are at present difficult and tedious, yet communication by land is at all times practicable, and may be improved at a moderate cost. From all other parts of the British Indian Empire these Provinces are, from their geographical position, quite distinct, and, practically, can only be approached by Sea, the attempt to connect Akyab with Chittagong by a road having been made, and after great expense abandoned.

The authority vested in the Commissioners of the three Provinces has been too limited to enable them to deal freely with any measure of importance, and indeed with many details, without reference to the Government either of India or of Bengal, and the control exercised by those Governments over such distant possessions has been at times neither prompt nor effective; while projected measures of improvement have been sometimes delayed or rejected, and sometimes too hastily adopted, for want of the intervention of a Local Officer of high position and authority capable of weighing conflicting statements and opinions, and of presenting such measures, after full discussion with the Local Officers in each Province, in a form in which their merits might be thoroughly comprehended and a confident opinion formed on them by the Government. From the same cause many such measures, though adopted and found successful in one Province, have not been extended to the others.

Some months ago Lieutenant-Colonel Bruce and Mr. Temple, who were deputed to enquire into the condition of Pegu and the adjoining Provinces, and, in consultation with the Commissioners, to devise the means of introducing a better and more economical system of administration, submitted their views on the subject in the Reports which are now before the Governor General in Council. Their chief recommendations were that a Chief Commissioner should be set over the three Provinces, aided by a Secretary and a suitable Establishment; that there should be three Commissioners as at present, one in Pegu, another in the Tenasserim and Martaban Provinces, and a third in Arracan; that a Judicial Commissioner (a Barrister) should be appointed not only to hear appeals from the Divisional Commissioners and to superintend the Judicial Administration of Justice, but to preside as Judge in Local Civil Courts at the Sea-port Towns for the trial of commercial and other cases in which Europeans are concerned, and that the salaries of the Deputy and Assistant Commissioners should be re-arranged, so as to provide more effectually for the promotion of those classes of Officers and to assimilate their position to that of Officers of the same class in other parts of India.

With these recommendations were joined others for the re-organization of the Police, the appointment of an Inspector of Jails, and the reduction of Civil, Military, and Marine Establishments. These are subjects for separate consideration, and some of them have been already disposed of. The savings effected in Marine and Civil Establishments alone amount to more than seven lakhs of Rupees a year, and the reduction in Military charges is much greater.

The Governor General in Council, on a full consideration of the Reports submitted by Lieutenant-Colonel Bruce and Mr. Temple, and of the correspondence which has passed with the Secretary of State for India and with the Local Authorities regarding the establishment, at Moulmein and Rangoon, of Courts for the better trial of suits in which the Mercantile community are interested, and having in view the formation of a system of administration best adapted to the circumstances and wants of Her Majesty's possessions in Burmah, is pleased to resolve as follows:—

That the three Provinces now known as the Arracan Division, the Province of Pegu, and the Tenasserim and Martaban Provinces, shall be united under one Chief Civil Officer to be styled the Chief Commissioner of British Burmah. This Officer, whose Head-Quarters will be ordinarily at Rangoon, will exercise powers similar to those now vested in the Chief Commissioner of Oudh, and will be in charge, as the Agent of the Governor-General, of the foreign relations of the British Government with the Court of Ava and other neighbouring States on the Eastern Frontier. He will also exercise the powers of Judicial Commissioner for the general superintendence

of the administration of justice and for hearing appeals from the Divisional Commissioners. His salary will be Rupees 50,000 a year, including all travelling expenses;

* i. e., 5 Rupees a day when absent on duty from the Head-Quarters of the Chief Commissioner of Rangoon. If absent at Sea with the Chief Commissioner on duty, the Secretary will submit a Contingent Bill for actual expenses and will draw no fixed travelling allowances while on board-ship.

and he will have a Secretary on a salary of Rupees 9,600 a year, with an allowance for travelling expenses* and with an Establishment not exceeding,

in respect to cost, that now entertained for the Commissioner of Pegu. The Chief Commissioner will submit an early report on the strength and expense of the Establishment actually required.

That the Province of British Burmah shall comprise three Divisions, each under a separate Commissioner, to be styled the Pegu, Tenasserim, and Arracan Divisions. The limits of these Divisions will at first correspond with those of the existing Commissionerships, but may be altered hereafter. Each Commissioner will receive a salary of Rupees 30,000 a year, including all travelling expenses. The Establishments of the Commissioners of the Moulmein and Akyah Divisions will be the same as those now attached to the Commissioners of the Tenasserim and Martaban Provinces and of Arracan respectively. The Commissioner of Pegu will be authorized to entertain an Office Establishment at a cost not exceeding Rupees 1,000 a month, the exact strength and cost thereof to be fixed by the Chief Commissioner, subject to the sanction of the Government of India.

That, in place of the present Deputy and Assistant Commissioners, there shall be appointed for the whole Province of British Burmah—

					Rs.
2	Deputy Commissioners of the 1st Class, at 1,500	36,000
* 3	Do. Do. Do. 2nd Class, at 1,200	43,200
5	Do. Do. Do. 3rd Class, at 1 000	60,000

6	Do. Do. Do. 3rd Class, at 500	36,000

costing altogether Rupees 2,86,800 a year.

That, instead of a Judicial Commissioner for the whole Province, as proposed in the Reports, whose ordinary business can well be undertaken by the Chief Commissioner, and who, as Judge of a Special Court sitting at the Head-Quarters of each Division, could not possibly dispose of the causes arising at each place in a manner that would satisfy the Suitors or be consistent with the prompt and regular administration of justice, there shall be established at Rangoon and Moulmein a Court to be presided over by a Barrister or Advocate of not less than five years' standing, with full powers of Civil and Criminal Jurisdiction analogous to those now exercised by the Recorders of Prince of Wales' Island and Singapore, with the exception of the power to try cases in which European British Subjects are charged with capital offence. This part of the scheme must be delayed until a Law can be passed to constitute these Courts, and in the meanwhile the Additional Deputy Commissioner employed at Rangoon for the disposal of Civil Judicial business will be retained.

With the abovenamed exception, the new system will take effect from the date on which this Resolution is published at Rangoon.

LEGISLATIVE.

THE following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 29th January 1862, and was referred to a Select Committee, who will make a report thereon after the 1st of May next:—

A Bill for securing certain grants of immoveable property made by the State.

WHEREAS it is expedient and proper that grants of immoveable property made for services rendered to the State, or for the support of any Title, Office, or Dignity conferred by the State, should be applied to the purpose for which the grant shall have been made, and that the property so granted should not be liable to be diverted from such purpose; It is enacted as follows:—

I. Whenever any grant of immoveable property shall be made as above to any person as a reward for services rendered to the State, or to accompany or support any Title, Office, or Dignity conferred by the State, it shall be lawful for the Governor-General of India in Council to declare, first, that no assignment, agreement, sale, security, or alienation of any kind of or in respect of such property or of any future interest therein shall be made by the grantee or by any person to whom such property shall descend under the limitations of such grant (save and except leases for any period not exceeding seven years or for any further period terminable with the life of the lessor), and that all such assignments, agreements, sales, securities, and alienations, save and except such leases as aforesaid, shall be null and void; secondly, that the property so granted shall be exempt from seizure, attachment, or sequestration by process of any Court of Civil Judicature, and from sale under any process in execution of any decree or order of any such Court; and, thirdly, in what manner

and subject to what limitations the property so granted shall, after the death of the grantee, descend in his family, namely, whether according to the ordinary law of inheritance applicable to the grantee or to the rule of primogeniture or otherwise; or to make any one or more of such declarations. Any such declaration shall be valid and effectual, and the property in respect of which it is made shall thereupon be held and enjoyed, subject to such declaration and in accordance with the terms thereof.

II. It shall be lawful for the Governor-General of India in Council, with similar declaration the consent of the proprietor respecting grants already made, or proprietors at the time of any immoveable property which shall have been granted to any person before the passing of this Act for service rendered to the State, or to support any Title, Office, or Dignity conferred by the State, and which shall continue the property of the grantee or of any descendant of the grantee, to whom the property shall have descended under the limitations of the grant, to make any one or more of such declarations as aforesaid in respect of such property, and the re-upon such declaration shall, from the date thereof, have the same force and effect in respect of the property to which it applies as a declaration made under the last preceding Section.

III. No such declaration as is provided for in the last preceding Section of this Act shall apply to, or affect any assignment, agreement, order, sale, security, or lien, or any right, title, or interest made, created, or acquired, in respect of any property to which such declaration relates, or any process of any Court of Civil Judicature issued in respect thereto, before the making of such declaration, or the claim of any creditor in respect of any debt personally incurred by the grantee subsequently to the acquisition of the grant, or by any descendant of the grantee to whom the property shall have descended under the limitations of the grant if such debt shall have been incurred before the passing of this Act.

IV. Whenever any creditor or other person shall require execution in respect of any claim or right not barred by declaration under this Act, by the sale of any property in respect of which any such declaration as aforesaid shall have been made, if it shall appear that satisfaction of the claim can be made within a reasonable period otherwise than by a sale of the property, the Court from which such execution is required shall make provision for the satisfaction of the claim in such manner as shall best, instead of proceeding to the sale of the property.

V. Any declaration made under this Act shall be registered in the Office of the Collector and in the Office of the Principal Register of Deeds of the District in which the property is situate in books to be kept for the purpose by such Collector and principal Register of Deeds, and shall be published in the Official Gazette.

THE following Bill was introduced into the Council of the Governor General of India, for the purpose of making Laws and Regulations, on the 29th January 1862, and was referred to a Select Committee, who will make a report thereon after the 1st of May next:—

A Bill to revive and continue in force for a further period Act XXXIII of 1857 (to make further provision relating to Foreigners.)

WHEREAS it was enacted by Act XXVIII of 1859 that Act XXXIII of 1857 (to make further provision relating to Foreigners) should continue in force for two years from the 5th day of December 1859; and whereas it is expedient to revive and continue the said Act for a further period; it is enacted as follows:—

The said Act XXXIII of 1857 shall continue in force for the period of two years from the 5th day of December 1861, and shall be deemed and taken to have had effect as if this Act had actually passed and received the assent of the Governor-General before the expiration of the said Act XXXIII of 1857, as continued in force by the said Act XXVIII of 1859.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill, as its title imports, is to continue in force for a further period the Act of 1857, which was passed to enable the Government to prevent the subjects of Foreign States from residing or sojourning in India, or from passing through or travelling in the same, without the consent of the Government.

The original Act expired on the 5th December 1859, and was renewed for two years by the Act No. XXVIII. of that year. It expired again on the 5th December 1861, and it is now thought by the Governor-General in Council expedient to renew it for a like period of two years, that is, to the 5th December 1863.

In addition to the general reasons which led to the passing of the Act of 1857, and which still to

some extent prevail, a special reason for continuing it in force is afforded by the recent Concordat between the Pope and Portugal, under which it is probable that the subjects of Foreign European nations may resort to India in greater numbers, and in positions of greater influence, than heretofore.

No objection has been made to the Act of 1857 as it stands, and it is therefore not proposed to alter any of its provisions, but simply to prolong the time of its operation to the end of next year.

THE following Bill was introduced into the Council of the Governor General of India, for the purpose of making Laws and Regulations, on the 29th January 1862, and was referred to a Select Committee, who will make a report thereon after the 1st of May next:—

WHEREAS it is expedient to provide for a new Silver and a new Copper Coinage; it is enacted as follows:—

The other Silver Coins shall be of proportionate weight and of the same standard.

IV. The Copper Coins so coined shall be of the weight prescribed for Coins of the same denominations respectively by Acts XXI of 1835 and XI of 1854, that is to say:

The Double Pice shall weigh	200	grains Troy.
The Pice ...	100	"
The Half Pice ...	50	"
The Pie ...	33½	"

V. Until the Governor-General in Council shall otherwise order under the power hereinafter reserved, the Silver and Copper Coins so coined shall bear on the obverse the likeness and the name of Her Majesty Queen Victoria, and the inscription "Victoria Queen," and on the reverse the designation of the Coins in English filled by the word "India," with such date and embellishments on each Coin as the Governor-General in Council from time to time may direct.

VI. It shall be lawful for the Governor-General in Council, from time to time, to direct the coining and issuing of all Coins authorized by this Act, and to prescribe, in lieu of the likeness and inscription as heretofore prescribed, such other devices and inscriptions and embellishments for all or any of the Coins hereby authorized, as he may, by order in Council to be published in the Government Gazette, direct.

VII. The said Rupee and Half Rupee shall be a legal tender in payment or on account of all engagements whatever, provided the Coin shall not have lost more than two per cent. in weight, and provided it shall not have been clipped or filed, or have been defaced or diminished, otherwise than by use.

VIII. The Quarter Rupee and Eighth of a Rupee shall be legal tender only for the fractions of a Rupee; subject to the same provisions as in the last preceding Section mentioned.

Provided that none of the said Copper Coins shall be a legal tender, except for the fractions of a Rupee, and except in the Settlement of Prince of Wales' Island, Singapore, and Malacca for the fractions of a Dollar.

X. All Silver Coin of the weight and standard specified in the said Acts XVII of 1835, and XXI of 1838, issued since the passing of those Acts respectively and before the day of and declared by those Acts respectively to be a legal tender, and all Copper Coins of the weight specified in the said

Acts XXI of 1835, XXII of 1844, and XVII of 1855 issued since the passing of those Acts respectively and before the day of and declared by those Acts respectively to be a legal tender, shall continue to be a legal tender for the amounts thereof respectively, subject to the same conditions and provisions as under those Acts respectively, anything in this Act contained notwithstanding.

XI. All Acts and Laws in force in British India at the time of the passing of this Act respecting the Queen's Coin, or the Silver or Copper Coin current in British India, and not repugnant to the provisions of this Act, shall be, and continue in full force and effect, and shall be applied to the Silver and Copper Coin to be coined in pursuance of this Act.

XII. The words "British India" in this Act denote the territories which are or may become vested in Her Majesty by the Statute 21 and 22 Vic., c. 106, "entitled An Act for the better Government of India."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to legalize the Coinage at and issue from the Mints of the new Silver and Copper Coins which the Government proposes to issue, and the dies of which have been prepared in England.

These Coins are of the same denomination, standard, and weight as those of the Coin already in use. The only change proposed to be made in the Coin which requires for its sanction an alteration in the law, consists in the omission of the words "East India Company," and of the designation of the Coin in Persian, which, under the "Act XVII of 1835," present law, must be impressed on the reverse of the Coin. In lieu thereof the new Coin will bear on its obverse the name and title as well as the likeness of the Queen, and on the reverse the designation of the Coin in English. There are other changes in the devices and ornaments on the Coin, but this is the only one calling for alteration of the law, as the Governor General in Council in his executive capacity is empowered by the Act above referred to, to prescribe such other embellishments for the Silver Coinage as he may think fit.

The present Bill provides that the Coin shall bear the likeness of Her Majesty, and the inscription "Victoria Queen," until the Governor General in Council shall otherwise direct, and empowers the Governor General in Council from time to time to vary the devices and inscriptions.

The proposed change in the Copper Coinage, which also mainly consists in the substitution of the name of the Queen for that of the East India Company, does not of itself require any change in the law. For power is given by Act XVII of 1835, Section X, Act XXI of 1835, and Act XXII of 1844 to the Governor General in Council by Order in Council to prescribe the devices and inscriptions for the Copper Coin.

But as the provisions for the Copper Coinage are scattered through several Acts*

* Act XXI of 1835.
" XXII of 1844.
" XI of 1851.

† Act VI of 1847.
" XVII of 1855.

it has seemed desirable (except as to such of them as apply to the Copper Coin in the Straits Settlement, which stand on a different footing from the rest of India in that respect) to repeal these Acts, and consolidate their provisions in the present Bill.
